

Ferrari Testarossa

Tenhle sporták jsme postavili na zvláštní přání našeho nakladatele. Nejprve jsme udělali dvě varianty, a sice Testarossa a Oldtimer. Montážní návod jsme pak vytvořili k moderní verzi modelu – přirozeně v červené, jako správné Ferrari. Ve filmech se nicméně objevují vozy Ferrari i v nejrůznějších jiných barvách, jak sami uvidíte na straně 43.
